Articles For the Newsletter

The RHRAC Newsletter is inviting the membership to submit items for publication.

Consider yourself asked to help make our club newsletter full of interesting amateur related items.

We invite new hams and old timers to write articles and submit reviews of amateur equipment.

Take a photo of your ham shack and write up a little information about yourself.

Share your vacation, interesting things you've seen or your hobby's with us.

Don't forget that our club's newsletter is seen worldwide and is an informative way to spread the word of RHRAC and ham radio.

If you have articles you would like to contribute to the newsletter or suggestions for topics you would like to see covered, please contact one of our Board of Directors.
