| 28 | Bill Leslie | (WA6POK) |

Message from Dave

Here it is a new year and much is happening in our world of ham radio. We have now held several successful radio checks for the city of Whittier, and participated in one county wide exercise called by the DCS people. That exercise showed many improvements that are needed for county wide communications.

The city of Whittier has been providing, those signed up with our ARES group, many nice perks. Such things as hard hats, ball caps, safety vests, and a nice little go bag. They are also assisting in recruiting for the ARES group by putting out a flyer in the recreation centers, libraries and city hall. They also have placed a slide on the city TV channel.

We are proceeding with our new improved frequency plan for the club. It is our intent to start using the plan as distributed at the January meeting and if anyone has information to help fill in the holes that have been left it would be appreciated if you would send those to me at K6CJZ@arrl.net.

I have been in touch with ARES leadership and they are very excited to have us back aboard. There is even talk of making us a separate section within that organization. This leaves us with a very nice possibility of expanding our emergency operations potential. We need everyone to be on the lookout for more members that would be interested in working with this organization.

The bands are quiet at present so everyone should be working to repair, upgrade and improve their stations and equipment, both home and mobile.

Well, this is short and to the point. Hopefully I will be able to have more to share in the coming months.

Dave Haring K6CJZ

Public Service Comm. Co-ord.
